

Camden Stout 30L Keg

It's ok to be big headed. Especially when it comes to stout. We use nitrogen bubbles to give our smooth Camden Stout its thick, creamy head and fresh finish. So, whilst we're being big headed, we think it's the finest stout in the land.

Tasting Note

It's ok to be big headed. Especially when it comes to stout. We use nitrogen bubbles to give our smooth Camden Stout its thick, creamy head and fresh finish. So, whilst we're being big headed, we think it's the finest stout in the land.
